

BRIJ RATHOD

Entry-Level Full Stack Developer

+91 7874835608 @ rathodbrij101@gmail.com <https://github.com/brij018> Gujarat, India

SUMMARY

I am a full stack development student with a strong interest in building complete, end-to-end web applications. I work with both frontend and backend technologies, focusing on creating efficient, scalable, and user-friendly solutions. I am continuously learning and improving my skills to become a proficient and versatile developer.

MongoDB

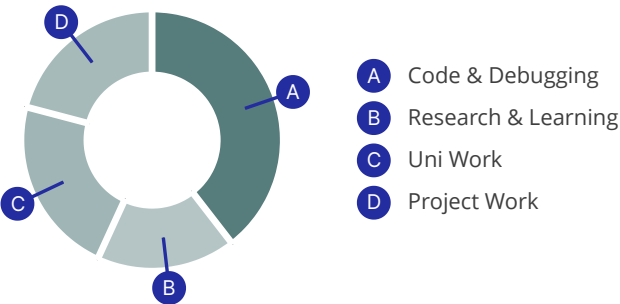

Tools & Workflow

GitHub

REST APIs

Postman

MY TIME

EDUCATION

B.Tech Computer Science
Government Engineering College, Bhavnagar
2024 - 2027

FullStack Development
RNW Multimedia Education
2025 - 2026

PROJECTS

Organic Shop Website Clone
organicwebsiteproject.vercel.app
I built an Organic Shop website clone as a full stack project with features like product listings, cart functionality, and a responsive UI.

To-Do List Project
<https://to-do-project-yi73.onrender.com/>
I built a To-Do List application that allows users to add, update, and delete tasks with a clean and responsive interface.

E-Commerce Website
e-commerce-alpha-one-38.vercel.app
I developed an e-commerce website with cart functionality, allowing users to browse products, add items to the cart, and manage their purchases seamlessly.
